The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 2021, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned

ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2021.

On May 16th, 2021, ROBLOX announced that they were updating their "Terms of Service" section of the website to disallow using custom models or code to explicitly gain any sort of advantage in-game. They also block users from uploading custom model and code files.[20]

On December 10th 2021, ROBLOX released another update where players could join groups and wear clothes representing their group on their backpacks. However, yet again it was abused by many users who used the feature for monetary gain. As a result of this, ROBLOX removed the functionality and shut down the "ROBLOX Backpacks" section on their website. On May 19th 2021, ROBLOX updated its backpacks feature which allowed players to join groups.[77]

Some users have also claimed that ROBLOX never responds to or bans reported users. This is because there are many cases where both inappropriate content spreads rapidly through the site, but ROBLOX does nothing about it because they do not want to ban accounts for minor rule violations like swearing, nudity or spamming in chat.

I have always wondered why people enjoyed playing Roblox so much. I think it's because it's very similar to Minecraft in many ways; for one thing, the graphics are

very childish which got me interested at first. Because the game is customizable, you can choose to look at the world through a little boy's eyes or that of an adult. I chose to be an adult for a time, but it was always hard to play because it would become so boring. But at some point when I was playing Roblox, my interest in it started to fade away. The reason for this is because of the new updates they made to Roblox. Now there are so many advertisements everywhere and so many games being added every day. You never play with friends because everyone has their own account and their own games they are playing. Even if your friends are on, you have no idea who they are because they could just be anyone.
